

THE QUEEN'S GREEN CANOPY

“PLANT A TREE FOR THE JUBILEE”

The Queen's Green Canopy is a unique tree planting initiative created to mark Her Majesty's Platinum Jubilee in 2022 which invites people from across the United Kingdom to “Plant a Tree for the Jubilee.”

Everyone from individuals or groups, villages, cities, counties, schools and corporates will be encouraged to enhance our environment by planting trees from October 2021, when the tree planting season begins, through to the end of the Jubilee year in 2022.

With an emphasis on planting sustainably, the QGC will encourage the planting of trees to honour The Queen's leadership of the Nation, and benefit future generations.

Elham Parish Council has drawn together a consultation party drawn from the Village Hall, the Primary School, Sir John Williams Trust, the Historical Society, the Residents Association and the Gardening Society in order to formulate plans to celebrate this important national event.

Already a number of exciting ideas have been put forward and the Council is now inviting the wider public to become involved in the development of these plans, or perhaps even investigating other ideas. We are particularly keen to talk with local landowners who might wish to contribute in some way to this project, especially as the Council presently does not have suitable landholdings for this event to be realised.

To discover how you might be able to participate in this exciting project please contact the Parish Clerk: cgreenwood@elhampc.co.uk
