

**ELHAM PARISH COUNCIL
STATEMENT ON INTERNAL CONTROL
FOR THE YEAR ENDING 31st MARCH 2026**

1. SCOPE OF RESPONSIBILITY

Elham Parish Council (the Council) is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently, and effectively.

In discharging this overall responsibility, the Council is also responsible for ensuring that there is a sound system of internal control, including the preparation of the accounting statements as required by Section 1 of the Annual Return – Annual Governance Statement and its nine “assertions”.

2. THE PURPOSE OF THE SYSTEM OF INTERNAL CONTROL

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council’s policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The Council has in place a set of Standing Orders and Financial Regulations, which set out the general rules applicable at council and committee meetings and in conducting the council’s business. These two documents are reviewed on a regular basis and influence the system of internal controls in place.

The system of internal control has been in place at the Council for the year ended 31 March 2026 and up to the date of approval of the annual governance statement and accounts and, except for the details of significant internal control issues at section 5, accords with proper practice.
